

**Qualification details**

C&G No: 7588-12
Complex Railway Engineering
Scheme Traction and Rolling Stock
NVQ Level 2

Section A Mandatory Units (Candidates must complete all mandatory units)

C&G No	CfRS No	Title
208	TRS201	Deal with straightforward defects in traction and rolling stock assets by adjustment
209	TRS202	Maintain the condition of the work site, materials and equipment
210	TRS203	Develop professionally and support good working relationship
211	TRS204	Support health and safety practices in the workplace
212	TRS205	Confirm that traction and rolling stock assets comply with operational specifications by the use of simple engineering processes and techniques

Section B Optional Units (Candidates must complete 1 from 2 available)

C&G No	CfRS No	Title
213	TRS206	Prepare for and undertake planned maintenance
214	TRS207	Prepare for and undertake the removal and replacement of traction and rolling stock components

Section C Optional Units (Candidates must complete 1 from 5 available)

C&G No	CfRS No	Title
215	TRS208	Organise resources and prioritise routines to undertake planned traction and rolling stock engineering activities
216	TRS209	Prepare and move traction and rolling stock assets, components and equipment
217	TRS210	Modify or manufacture traction and rolling stock components by material removal using hand tools
218	TRS211	Assemble traction and rolling stock components using simple engineering processes and techniques
219	TRS212	Install new traction and rolling stock components using simple engineering processes and techniques
