

Qualification details

C&G No: 2251-22
 Complex Performing Engineering Operations
 Scheme Technical Support
 NVQ Level 2

Section A Mandatory Units (Candidates must complete all mandatory units)

C&G No.	QCA ref No.	Title
301	D/103/8765	Working safely in an engineering environment
302	H/103/8766	Working effectively and efficiently in engineering
303	K/103/8767	Using and communicating technical information

Section B Optional Units (Candidates must complete 1 from the 3 available units)

C&G No.	QCA ref No.	Title
404	D/103/8667	Producing mechanical engineering drawing using CAD system
432	R/103/8696	Producing electrical or electronic engineering drawing using CAD system
461	A/103/8725	Producing CAD models (drawings) using a CAD system

Section C Optional Units (Candidates must complete 2 from the 3 available units)

C&G No.	QCA ref No.	Title
462	F/103/8726	Producing engineering project plans
463	J/103/8727	Using computer software packages to assist with engineering activities
464	L/103/8728	Conducting business improvement activities

Section D Optional Units (Candidates must complete 2 from the 4 available units)

C&G No.	QCA ref No.	Title
465	R/103/8729	General machining, fitting and assembly applications
466	J/103/8730	General fabrication and welding applications
467	L/103/8731	General electrical and electronic engineering applications
468	R/103/8732	General maintenance engineering applications
